

Week 24 Day 1 Challenge

Create a small online survey with four questions of your own. Your survey should first collect the participants details (name, address, gender, D.O.B., a password etc), followed by four questions to answer.

Ensure that your survey includes:

- Simple text inputs
- A password input.
- Select drop-down boxes (for State, or within your questions).
- Radio buttons and checkboxes (as part of your form design).
- A large text area for comments at the end.
- A submit button with your own text (such as "Send Survey")
- A reset button.
